

YouTube to MP4 Download

- Go to <http://127.0.0.1:5000/>

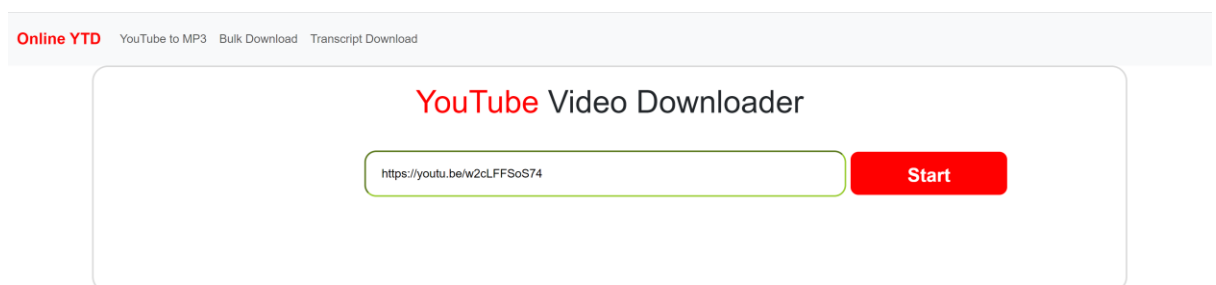

The screenshot shows the 'Online YTD' website header with navigation links: 'YouTube to MP3', 'Bulk Download', and 'Transcript Download'. The main heading is 'YouTube Video Downloader'. Below it is a text input field with the placeholder text 'Paste YouTube URL Here' and a red 'Start' button to its right.

- Paste the YouTube URL in input field (**Paste YouTube URL Here**)

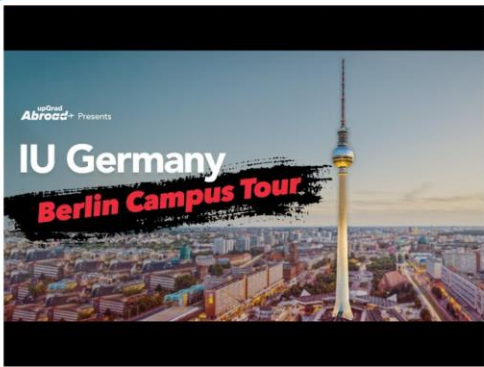

- Sample URL**

<https://youtu.be/w2cLFFSoS74>

This screenshot is identical to the previous one, but the text input field now contains the sample URL 'https://youtu.be/w2cLFFSoS74'.

- When user clicks on **Start** button after entering YouTube URL, the application sends the required URL to YouTube and checks its availability.
- If URL is available then all the information related to video is fetched and displayed to user which includes **Video's Title**, **Author (Channel Name)**, **Video Duration**, **Video Size** (MB or GB) and **Highest Resolution** available for downloading (720p).
